

Welcome Back Newsletter for the Week of August 22-26, 2022

Dear Parents,

We have 3 great days in 2nd grade!

I really enjoyed getting to meet you at the parent meeting last week.

Here are a few reminders from our meeting and a couple things that I might not have mentioned.

1) The best way to share information with me, or give me a heads up is by email. I will try to respond to your emails within 30 hours.

2) Email me if you need your child's M number to put money on the bear card for lunch.

3) JayCare is available for students who can't be picked up by 3:10 p.m. You must sign up. Contact the school office for information.

4) Parents may come eat lunch at school.

5) I am not perfect. I make mistakes. If I do, please return the paper to school the next day and I will make the change in the grade book.

6) If you don't have a car pickup tag, write your last name on a piece of paper and put it in the front passenger side of the car so that it is easily readable. If you need another tag, please let me know.

For safety purposes, you should always enter the carline from the parking lot off, **not** from the street in front of the school.

7) The newsletter is published weekly to provide important information to you about 2nd grade. Please check the website and read the newsletter **every week**.

8) A dismissal form was handed out at the parent meeting. Please send all forms to school ASAP. If you misplaced them, please check the class webpage for addition copies. They will be on the "school information" page.

9) Don't forget to send a **sweat proof** water bottle, already filled with water, to school each day.

10) See #5 again.

Looking forward to great year of communication!

Book Orders:

The very first book order of the year is very important to our class because the company gives us lots and many bonus points. I can use these bonus points to get books free, which is how I have put so many of the existing book on the shelves in the 2nd grade library. Usually the company will award you a point for each dollar spent. Sometimes they will double or triple the amount. The company encourages teachers to order this first month of the year by giving **10,000** bonus points if the class spends over \$300. If you are not able to order, do not worry, but if you can, I would really appreciate it. I will not beg again for book orders, it is just that we can really take advantage of this opportunity. The more books we have in the class library the more books your child can read in school, plus you still get the books you ordered for at home reading.
